The students in Prep have worked extremely hard during this first semester of their primary school year. We are so proud of their personal, social and academic achievements, examples of these are: showing mutual respect to others, developing their personal ‘growth mindset’, working together as a team and celebrating their successes with their class mates and the school community.

The following are reflections of the prep student’s personal experiences during this semester, we hope you enjoy reading them as we have!
I can now work by myself and with my friends because I am at school all the time. I learn best when it’s quiet because I can concentrate. In class I need to work harder because Mrs Nunn will give me a gold sticker and my brain will be smarter. I am now better at computers because Mr Jordon helps me at school and my Mum helps me at home. I am most proud of my reading because I get my reader and I read it every day. My work for this half of the year has been getting better because when I started school it wasn’t good and now it’s good. What I have enjoyed most about this semester is cooking pop corn, making play dough and making muffin pizzas because I like cooking and I can make a bird out of play dough.

By Omar

I can now work with my friends and by myself. I learn best when I am working with the teacher and with the other kids. In class I need to listen to Mrs Krikas so we know what we have to do. I am now better at reading, sounding out words and adding. I am most proud of my work. My work for this half of the year has been neat. What I have enjoyed most about this semester painting, making play dough, cooking and computers.

By Alecia

I can now work by myself because I think about writing and drawing the pictures. I learn best when it’s quiet because I can do my work. In class I need to work hard because the teacher will be happy and I want to work hard. I am now better at counting because I can count to 100. I am most proud of my work because it’s nice. My work for this half of the year has been neat because I do a good job. What I have enjoyed most about this semester is learning about ‘The Wild Animals’ because it was fun!

By Chanithu

I can now work with my friends because they help me with my work. I learn best when it’s quiet because everyone listens very well. In class I need to finish my work because Mrs Krikas needs to correct my work. I am now better at drawing, writing and having friends. I am most proud of my work because I work really hard and my friends look at my work. My work for this half of the year has been nice and neat because Mrs Nunn wants to see my work and she will give me a gold sticker. What I have enjoyed most about this semester is making play dough because I liked making sentences with it. I also liked making pop corn because we saw them pop and then we ate them!

By Sahar
I can now work quietly and faster. I learn best when I do neat work, when I listen to the teacher and when someone is talking I don’t interrupt. In class I need to listen and spell my words correctly and sound them out. Listen to what the teacher says. I am now better at sounding out my letters, colouring in and drawing. I am most proud of my behaviour. My work for this half of the year has been neat. What I have enjoyed most about this semester is everything, also playing outside with my friends and looking after them.

By Ahmad

I can now work by myself and with my friends because I love my friends. I learn best when we are sharing ideas because it’s nice to do. In class I need to work hard because I need to learn. I am now better at writing because I learn so much. I am most proud of my drawings because they are neat.

My work for this half of the year has been very neat because I practise at home. What I have enjoyed most about this semester is making play dough, cooking and doing maths.

By Manahil

I can now work by myself and with friends because we do hard work. I learn best when it’s quiet because I learn and I can do hard work. In class I need to listen because I will learn how to do everything. I am now better at everything because I learn it all and I work hard. I am most proud of my work because I do neat work.

My work for this half of the year is getting neater because I try hard. What I have enjoyed most about this semester is coming to school, making play dough and playing with it, making pop corn so we could eat it and also playing maths games.

By Tariq

I can now work by myself because I try to learn on my own and with my friends because they help me with my work. I learn best when it’s quiet because no one is talking and I am concentrating. In class I need to work because it helps me learn more and I am doing my best. I am now better at writing because I have been practising a lot. I am most proud of my work because I do the best that I can. My work for this half of the year has been getting better because in the beginning of the year it was messy and now it’s neater. What I have enjoyed most about this semester is making pizza muffins, banana milkshakes, painting, making shapes and playing in the play ground.

By Shiffa
I can now work by myself because I am trying hard and I am listening to the teachers when they are talking. I learn best when it’s quiet because no one is making a noise and we are all quiet. In class I need to do work because it will help me learn how to spell and do maths. I am now better at writing because before I used to write big letters and now I can write smaller letters. I am most proud of myself because I don’t get into trouble. My work for this half of the year has been getting better because now I am learning a lot. What I have enjoyed most about this semester are the fun activities we have done like making pop corn, play dough and playing outside.

By Zahraa

I can now work by myself because I can write. I learn best when it’s quiet because I can do my work. In class I need to work faster because I have to write quickly so I can play outside. I am now better at counting because I practise at school and at home. I am most proud of myself because I can read and write sentences. My work for this half of the year has been getting better because I got to show my work to Mrs Nunn and she gave me a sticker. What I have enjoyed most about this semester is making pop corn because I saw them pop and they tasted crunchy!

By Massie

I can now work by myself because we are old enough. I learn best when I share ideas with everybody in the classroom because everyone is my friend. In class I need to work because it helps me learn how to write, how to draw properly and learning how to add in maths. I am now better at reading because I just learnt how to read. I am most proud of my work because I am trying hard. My work for this half of the year has been getting better. What I have enjoyed most about this semester is everything because I love doing it all and it’s so much fun.

By Jordyn

I can now work with my friends because they are good, they help me with my work and I love them. I learn best when it’s quiet because there is no noise and I can work better. In class I need to listen to the teacher because if I don’t I will feel sad. I am now better at spelling words and maths because my friend’s and my teacher help me with some of my work. I am most proud of my writing because it’s so good and I have been trying really hard. My work for this half of the year has been getting better because I work with my teacher. What I have enjoyed most about this semester is learning about writing and how to write a sentence. Mrs Krikas is the best teacher in the whole wide world because she is always nice to us.
