1. School profile

Southern Cross Primary School is situated in the South Eastern Suburb of Endeavour Hills, 30 kms from Melbourne. With 225 students, our school consists of 2.0 Principal Class, 1 Learning Specialist, 16 Teachers, and 18 Education Support Staff.

Southern Cross Primary School is a friendly, caring school community that aims to facilitate a high standard of academic learning, nurture individuality, challenge, and understand all of our students. We are a diverse community catering for approximately 25 nationalities. The school's learning community provides an inclusive and accepting environment for all students, staff and parents. Our SWPBS Program is embedded across the school and complements our high expectations of daily behaviour, focusing on interactions that show Respect, Responsibility and Resilience from all adults and children. This approach supports our expectation that our classrooms, playground and whole school environment are always welcoming and happy for all.

At Southern Cross Primary School, we continually strive for school improvement and improving student learning outcomes. Over the past three years, our school has undergone a remarkable transformation, guided by a commitment to evidence-based approaches in education. With a focus on literacy and mathematics, we have embraced scientifically-backed methodologies to enhance student learning and achievement. Through a rigorous focus on the Science of Reading and the implementation of the Concrete-Representational-Abstract model in mathematics instruction, we have cultivated an environment where every student has the opportunity to thrive academically and personally.

Although a smaller school in size, we are mighty in our commitment to student wellbeing. Led by our Assistant Principal, we have established a dedicated Wellbeing Team to provide comprehensive support and inclusive practices for all students. This team comprises a Learning Specialist, Mental Health Leader, Social Worker, and Speech Therapist, working collaboratively to address the diverse needs of our student body. Additionally, we foster strong partnerships with local allied health professionals, ensuring that we can effectively meet the individual needs of every student. We are a supportive and close community who work together to make a difference in the lives and overall outcomes of the students and families in our care.

2. School values, philosophy and vision

Southern Cross Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, integrity and kindness at every opportunity.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.
